Journey overview

Diani

Diani Beach has many of the ingredients of the perfect tropical holiday destination. It is one of Kenya's leading tourist destinations, attracting local and international visitors.

Its location along a stunning white sand beach, which skirts the shore for an impressive 25 km has cemented its position as one of Kenya's premier resorts.

A huge variety of activities are offered that cannot be found in any other single beach destination. Sports activities available include Golf, Horse riding and tennis, as well as any watersports activity one wishes to think of.

Leisure pastimes such as shopping, fine wine and dine and guided nature walks compliment an enormous range of daily excursions and world class defining safaris.

Tsavo East

Tsavo East National Park is one of the oldest and largest parks in Kenya at 13,747 square kilometres. Most of the park consists of semi-arid grasslands and savanna. It is considered one of the world's biodiversity strongholds, and its popularity is mostly due to the vast amounts of diverse wildlife that can be seen, including the famous 'big five' consisting of lion, black rhino, cape buffalo, elephant and leopard.

Tsavo East National Park is one of the world's largest game reserves, providing undeveloped wilderness homes to vast numbers of animals. Famous are the Tsavo lions, a population whose adult males often lack manes entirely.

Tsavo West

Tsavo West National Park is located in the Coast Province of Kenya. The park covers an area of 9,065 square kilometres. Tsavo West is a more popular destination[citation needed] on account of its magnificent scenery, Mzima Springs, rich and varied wildlife, good road system, rhino reserve, rock climbing potential and guided walks along the Tsavo River.

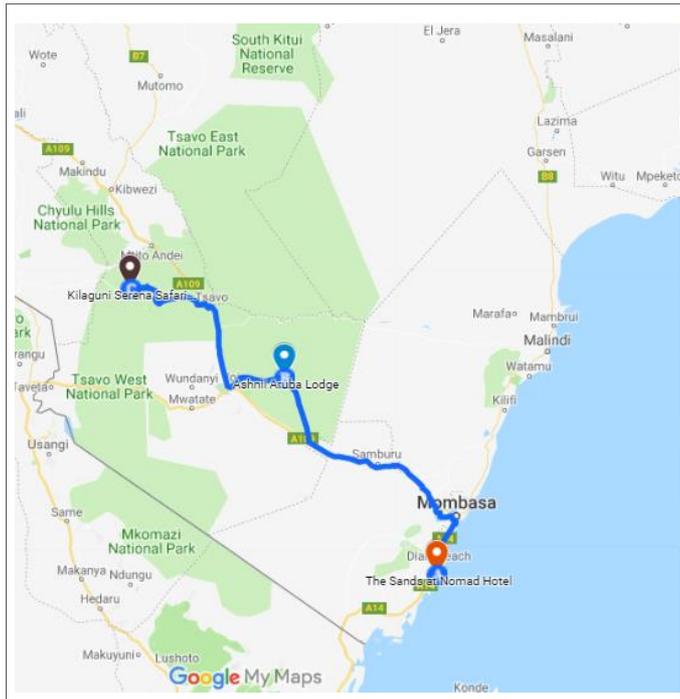

Tsavo West National Park has a variety of wildlife, such as eastern black rhinoceros, hippopotamus, Cape buffalo, Masai giraffe, elephant, leopard and lion. There are also other smaller animals that can be spotted in the park, such as the bushbaby, hartebeest, and lesser kudu.

In accordance with global practice, all hotel and lodge check-in/out times are as follows:

Check-in: 14h00; Check-out: 11h00

LANGUAGE

The national language in Kenya is Swahili, although English is widely spoken.

PHOTOGRAPHY

Bring sufficient memory cards and batteries as these are not always readily available. Remember to ask permission before taking a photograph of any local resident.

IMPORTANT INFORMATION

MONEY

Banks and foreign exchange bureaus are available at all international airports and in all main towns.

Officials may not be in a position to issue change, so please carry small denominations of cash where possible. Most hotels and lodges accept Visa and MasterCard. In addition to credit cards, travelers should bring USD cash. Small denominations are recommended as high denomination notes may not be accepted or change may not be available. Credit card transactions could take anything up to a few months to go through, especially from more remote areas. USD are widely accepted; however, notes dated before 2006 are no longer accepted.

CLIMATE

Hot and humid at the coast; temperate inland; very dry in the north; warmest period is February and March and the coolest July and August; rainfall in April, May and November

Generally temperatures are pleasant averaging 26°C (78°F) during the day; sometimes rising above 30°C (86°F) in the coastal and northern regions

DIETARY

Most dietary requirements can be catered for. Please advise us of any specific dietary requirements before you travel and these will be communicated to all properties.

WHAT TO PACK

As a general guide, comfortable, casual wash and wear clothes are recommended. Muted colors are recommended for game-viewing. Game-drives are conducted in the early morning and late afternoon, which can be very cold, especially in winter.

The most practical items to pack for safari are:

- Khaki, green, beige and neutral colors (dark blue and black should be avoided, as it attracts Tsetse flies)
- Shirts with long sleeves (even in summer, as protection from the sun, mosquitoes and Tsetse flies)
- T-shirts
- Shorts or a light skirt
- Jeans or safari trousers for evenings and cooler days
- A jacket and sweater is recommended for early morning and evening game drives
- Lightweight water-proof jacket
- Swim and beachwear
- Comfortable walking shoes
- Sun block, sunglasses, hat, moisturizer and lip-salve are all essentials
- Strong insect repellent like Mozzie Guard
- Binoculars and camera equipment

Laundry: Most lodges, lodges and hotels do their best to deliver a same day laundry service, weather permitting. Dry cleaning can be arranged at most hotels but is not available at lodges. At the lodges soap suds are generally provided in your room for delicate items. Please be mindful that, due to culture and customs in many of the areas in which we operate, some lodges/lodges do not wash underwear. While most lodges/lodges can arrange for your shoes to be polished, we regret that we are unable to provide a service for these to be washed.

PLASTIC BAGS ILLEGAL IN KENYA

Kenya joins over 40 countries that have made plastic bags illegal, in a positive effort to reduce the impact on our environment.

The ban applies to carrier bags with handles (and with or without gussets), and flat bags without handles and without gussets.

If you are travelling to Kenya, plastic bags that match the above description, including duty free bags, will be confiscated at the airport. However, there is a bigger risk that if anyone is caught using these plastic bags, the fine is KSh4 000 000 (approximately USD 38 000) or a prison sentence of up to four years. If you are travelling to Kenya, please refrain from using all forms of 'disposable' plastic bags in both main luggage and hand luggage, to avoid inconveniences and possibly prosecution.

ELECTRICITY

220/240 volts AC, 50Hz. It is possible that lodges in more remote areas do not have electricity and run on generator or solar power.

HEALTH REQUIREMENTS

Please consult your physician for advice on **malaria** precautions before travel to East Africa.

Anyone who takes any special medication should take enough supplies to last the visit.

Yellow Fever:

Swahili Eco Safaris' Terms and Conditions require you to obtain advice from your medical practitioner or travel clinic before traveling to any destination to determine if you are required to get a Yellow Fever vaccination, no less than 10 days prior to travel. If required you must be able to produce a Yellow Fever certificate as proof of vaccination. Depending on which countries you are traveling to prior or post your stay in Kenya the certificate will be required. The certificate may also be required when re-entering your country of origin, or other African countries, if you have visited a destination within the Yellow Fever belt. For more information you may consult the following website but we must reiterate that we advise you to visit your medical practitioner or your closest travel clinic for further information. <http://www.who.int/ith/vaccines/yf/en/>

Swahili Eco Safaris recommends that travelers entering Kenya directly from non-endemic countries receive the vaccination in their home country. Kenya health officials can be inconsistent in enforcing the correct regulations; however, when they do, and travellers do not have the required documentation, this can result in refusal of entry and unnecessary delays.

Additionally, it is essential for those travelling from the Masai Mara (Kenya) to the Serengeti (Tanzania), via Migori and Tarime, to obtain a Yellow Fever certificate. Tanzanian health officials have held guests at the Isibania Border for extended periods of time, due to lack of certificates. Failure to provide a Yellow Fever certificate, at these specific destinations, may result in refusal of entry. For more information about Yellow Fever endemic countries, please see the list provided by the World Health Organisation: https://www.who.int/ith/ith_country_list.pdf

Ticks:

Ticks can be found in Africa's wilderness areas. To avoid getting bitten when going on bush walks, guests are advised to take precautions by wearing long trousers, socks and boots. Please note that there is a possibility that tick bites could lead to tick bite fever. Symptoms include fever, headaches and painful, enlarged lymph glands in the area of the bite. If you experience these symptoms after returning home, please visit your doctor and advise them of the possibility of tick bite fever.

The details are in the fine print

SAFETY

Like anywhere else in the world, visitors must always take reasonable precautions as opportunistic crime does happen and it can be best described as when an opportunity presents itself and subsequently tempts a person to steal.

Most accommodations offer in-room or reception safes to secure your valuables.

Visitors are advised not to leave their belongings or personal property unattended.

Do not carry large sums of money or valuables on your person.

Always buy your excursions from a licensed operator, your hotel or travel agent representatives can assist you with verification.

FLIGHTS & TRANSFERS

Check-in is 1 hour prior for domestic departures and 2 hours prior for international departures.

Due to particularly stringent security measures at airports in Kenya, guests are required to arrive an additional hour prior to their departure time:

- 3 hours prior to international departures
- 2 hours prior to domestic departures

Scheduled regional and inter-lodge flights may involve multiple stops before reaching the final destination. Flights are operated as “shuttle transfers” and therefore departure times may vary up to 1 hour. Times are subject to change without notice.

In the event of bad weather, airlines reserve the right to drop guests off at the nearest serviceable airstrip which may mean a road transfer for guests to get to their final destination. Any costs resulting from such diversions would be for your own account. Aircrafts used on inter-lodge flights are small and interior space limited. In addition, some activity and scenic air operators may also have weight and/or height restrictions. For the sake of your own comfort, please advise us at time of booking if you are particularly bulky or tall and we will do our best to accommodate you. Additional costs may apply.

Swahili Eco Safaris cannot be held responsible should airlines discontinue flights or change scheduled times resulting in missed connections etc. Should an amendment in a routing or itinerary be necessary, we will re-quote accordingly

LUGGAGE RESTRICTIONS - KENYA

As you will be travelling in vehicles and aircraft with limited space, luggage is required to be packed in a soft bag weighing a maximum of 15kg (33 lbs) which includes hand luggage and camera equipment.

Type of luggage & dimensions: Soft bags with maximum dimensions of 35cm (13.7 inches) wide x 40 cm (15.7 inches) high and 70 cm (27.5 inches) long. Wheels on a bag are only permissible if they are not part of a solid frame or rigid structure. No hard suitcases are allowed and oversized bags may not be carried on your lap. An additional seat can be booked for extra luggage, subject to availability.

When travelling to any of our destinations in Africa, please remember that possession of wildlife trophies is illegal. A wildlife trophy is defined as “any protected animal, game animal, or game bird, alive or dead and any bone, claw, egg, feather, hair, hoof, skin, tooth, tusk or other durable portion whatsoever of that animal or bird or fish or other aquatic life whether processed, added to or changed by the work of man or not, which is recognizable as such a durable portion”. Any person found in possession of these restricted items, without the necessary permits, will be liable to a fine and/or prison term, with the said item being confiscated. In Kenya, certain items made from the ostrich and crocodile skin, both of which are being reared for the purpose, would be permitted as proper permits are issued by the dealers.

PASSPORTS & VISAS

Passports are required by all foreign visitors and must be valid for 6 months after the intended length of stay. Please ensure that you have at least 2 consecutive blank visa pages (not endorsement pages) in your passport. Our recommendation is 3 or even 4 blank pages if you are travelling through more than one country. If there is insufficient space in the passport then entry could be denied.

The details are in the fine print

Visa applications to enter Kenya can be done online via <https://immigration.ecitizen.go.ke/index.php?id=5> .Visas can also be acquired upon arrival. Where visas can be obtained at port of entry, fees are payable in USD, cash only, we recommend small denominations of bills not older than 2008. Officials are not in a position to give change. It is recommended to obtain visas prior to arrival as there is a likelihood of long queues at all airports.

If guests are travelling to Rwanda, Uganda and Kenya, they can apply for a multi-entry East Africa Tourist Visa for all three countries, prior to arrival, at a cost of USD 100. This visa is valid for 90 days. The East African Visa is valid for multiple entries into Kenya, Rwanda and Uganda. It is for use only within these three countries. The issuing country has to be the first point of entry. Should one leave the three countries, the visa is not valid for re-entry into any of the three. This is particularly important for itineraries that run Kenya, Tanzania, Rwanda or vice versa. As Tanzania is NOT a signatory to this visa, it cannot be used for re-entry.

Kenya Single Entry Visa - Visitors who have obtained a visa for Kenya and then leave the country to travel to either Tanzania, Rwanda or Uganda will not need a re-entry visa to return to Kenya. The single entry visa will still be applicable, and will only cease to be acceptable if the re-entry is more than 30 days from the first issue or you go beyond the boundaries of East Africa.

Guests travelling from Tanzania to Kenya must obtain a valid Kenyan visa before travel in order to confirm domestic flights between Nairobi and the Masai Mara National Park. This is due to the delays in the processing of visas for guests connecting between Arusha, Tanzania and Nairobi, Kenya and the knock on effect on domestic flight schedules. Guests arriving at Dar es Salaam and Kilimanjaro Airports (Tanzania) and subsequently traveling to Kenya are required to obtain a Kenyan visa before travel.

Depending on nationality and country of origin, visa requirements may vary or change without notice. We advise checking with the appropriate consular authority prior to departure. Should the appropriate authority confirm that visas can be obtained on arrival, please ensure you have the applicable fee available.
